FRC Team 7183

STUDENT NEWSLETTER - DECEMBER

December was an exciting month for WCTA Academic Robotics. We hosted a V5RC VEX competition at our school, welcoming teams from across the region. Our members supported event setup, field reset, refereeing, and team assistance, gaining valuable leadership and competition experience. This month also marked an important milestone as we held our team induction, where students officially earned their place on the team.

The induction helped strengthen our team culture as we move further into the season. Looking ahead, we are preparing to host another V5RC VEX competition on January 31, giving our members another opportunity to support the robotics community and build on our success.

As the year comes to a close, we are proud of how much our team has grown. With the holiday season approaching, we wish everyone a restful break and look forward to a strong start in the new year. We wish everyone a joyful holiday season!
