FRC Team 7183

STUDENT NEWSLETTER - NOVEMBER

This month was a huge one for WCTA Academic Robotics as we hosted our biggest FIRST Lego League (FLL) event yet. Our members helped with setup, refereeing, judging support, concessions, and guiding younger teams throughout the day. It was a great chance for us to build leadership, teamwork, and community impact while supporting the next generation of robotics students.

In addition, our five VEX teams competed for the first time this season at Green Valley High School. In fact, two of our teams made it into the semi-finals.

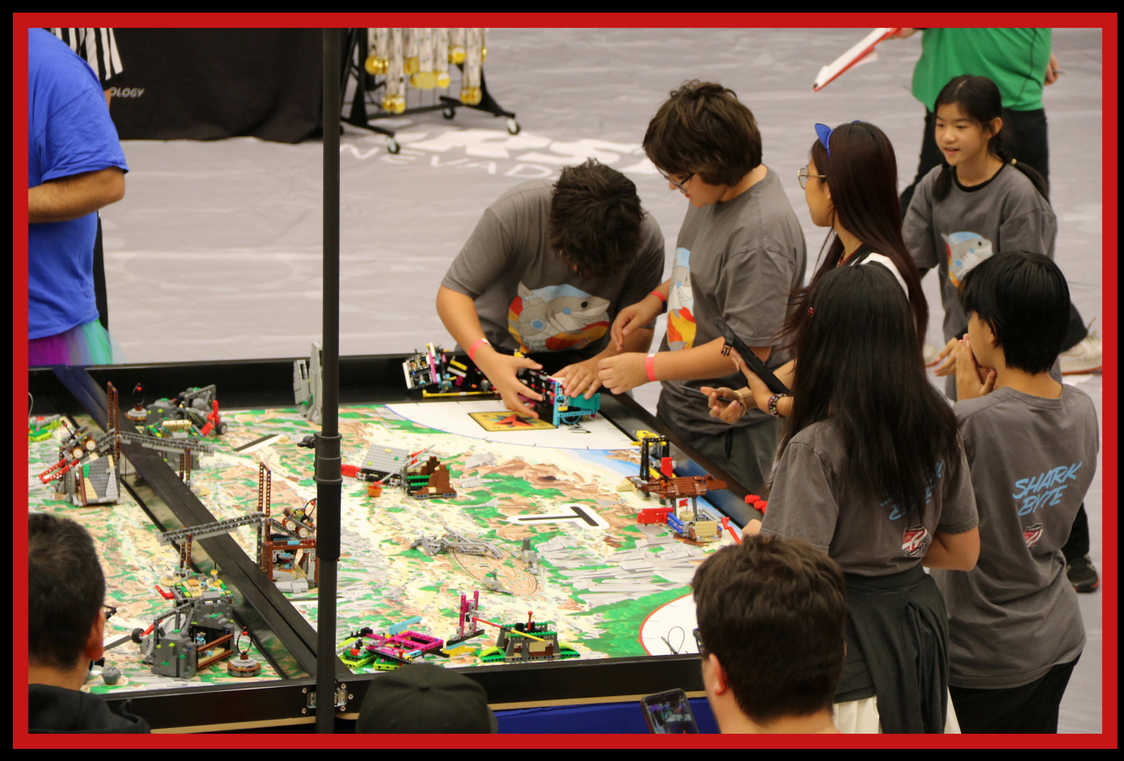

A big thank you goes to WinCo Foods, our sponsor for the month. Their support helped provide supplies and hospitality for our upcoming event, allowing us to keep expanding our outreach and improving robotics opportunities for students across the communtity
